## GENERAL INFORMATION

**BLOOMSBURG**—Bloomsburg, an attractive town, in one of the most beautiful regions of Pennsylvania, has a population of about nine thousand, and is easily accessible by the three largest railroads in State: the Delaware, Lackawanna and Western; the Philadelphia and Reading; and the Pennsylvania. It is also connected with neighboring towns by omnibus lines.

The College is situated about a mile from the Susquehanna river, and about 150 feet above it on a gently sloping eminence, commanding a view of the valley for many miles. The campus affords ample space for lawns and athletic grounds, and includes a large and beautiful oak grove. Seven large buildings, admirably adapted to their different uses, constitute the physical plant of the College.

**Carver Hall**, erected in 1867, the oldest of the buildings, stands at the head of Main Street, plainly visible from all parts of the town. The approach to this building is imposing and beautiful. The auditorium occupies the second floor.

**Noetling Hall**, in the rear of Carver Hall accommodates the children of the elementary grades and provides the campus training facilities.

**Science Hall**, erected in 1907, is adequately equipped for laboratory work in the biological subjects, chemistry and physics. There are two modern lecture rooms, with lanterns, screens, and other equipment for demonstration and illustration. Two large well-lighted Art Studios are located in this building.

**The Gymnasium**, a well-lighted and well-ventilated building, is equipped with all essential apparatus. It has a running track, baths, and steel lockers.

**The Library**, well located and well furnished for

its purpose, comprises over 11,000 volumes of standard works of fiction, history, education, the leading encyclopedias, dictionaries, and books of reference, the important local and national newspapers, and magazines. Modern library procedure is followed and trained librarians are in constant attendance.

**Dormitories**, are provided for both men and women. The women's dormitory, a four-story building, is equipped with an Otis electric elevator, in charge of a responsible operator. The rooms are supplied with steam heat and electric lights, and contain beds, dressers and chairs.

**The Dining Hall**, an attractive and well-lighted room, on the first floor of the main building, is in charge of an expert dietitian who supervises the buying, the preparing, and the serving of the food. Special effort is made to have the dining room homelike. Round tables, each seating eight, contribute much to the social life of the meal hour.

**Recreation and Social Life.** The social and recreational life of the institution is amply provided for through the many activities of the auditorium, the gymnasium, the athletic field, the tennis courts, and such group activities as hikes, nature study activities, and picnics. A dean of women and a dean of men, both resident respectively in the girls' and boys' dormitories, and available at all times for counsel and guidance and are responsible for the general social conditions of the institution.

**Health.** Every effort is made to keep the students in good physical condition. A registered nurse is in residence and is at the service of the students. An infirmary is provided, where students, taken ill, may have quiet and be attended by the nurse. Doctors are always called when students so desire, or when the nurse deems it advisable.

**Choruses.** A women's chorus, a men's chorus, and a chorus of mixed voices are organized at the beginning of the school year. A student may become a member of a chorus by making application to the director and passing the requirements. The choruses meet at least once a week. They sing on a number of occasions during the year, and toward the close of the year render a special program.

**Male Quartets.** On account of the abundance of marked talent among the students of the College a male quartet and a double male quartet have been organized each year.

**Mixed Quartet.** In addition to the male quartets a double mixed quartet has been organized. These quartets have been a source of pleasure to the student body.

**Women's Glee Clubs.** During the early part of the first semester two glee clubs are organized from among the young women of the College. The one is made up of Seniors; the other of Juniors.

**Men's Glee Club.** A glee club is also formed from among the young men. This is composed of Seniors and Juniors.

**Orchestra.** An orchestra is organized at the beginning of the school year. Students are entitled to membership on the approval of the director. The orchestra gives concerts at the College and in nearby towns.

**Lectures and Entertainments.** Throughout the year prominent lecturers discuss current political, social, and educational problems. These lectures afford the students opportunities to be informed about the vital problems of our time. Provision is also made for entertainments of a high order. Leading dramatic readers interpret great literature of the past and present. Dramatic companies of able artists present plays of the classical and modern writers. Well known musicians render programs that constitute real events in the life of the College.

## RECOGNITION AND ENCOURAGEMENT OF SCHOLARSHIP

For the recognition and encouragement of scholarship among the students the Faculty of The Teachers College adopted the following resolutions:

1. That at the end of the first semester there be selected an honor list comprising ten per cent. of the class.

2. That at the end of each subsequent semester, on the basis of a cumulative record, there be selected from each of the four Groups of students a similar list comprised of ten per cent. of each Group.

3. That the grades now used by the School be valued in terms of honor points as follows: A, three points; B, two points; C, one point; D, zero point; E, minus one point; regard to be given to the number of hours of which each item of the student's work consists.

4. That any student with half of his standings as low as D at the end of the first semester of the first year, be notified that unless marked improvement be shown by the end of the second semester, it will be necessary to defer student teaching until such time as satisfactory ratings are secured.

5. That a student must average the grade of B before he will be entitled to carry extra hours; the extra hours to consist of one course, and his total number of class hours not to exceed twenty-five; the nature of the extra work to be determined by the student with Faculty approval.

6. That a student whose English is not up to the standard proper for a teacher, be required to do remedial work in English.

**Student Government.** The value of self-control is evident when applied to a group as to the individual.

With this fact in mind the students of the College have been organized for self-direction in matters pertaining to school life.

**Religious Opportunities.** An unusually cordial relation exists between the College and the various churches of the town. The College and the churches cooperate in arranging for students to enter into the life of that local church which is to take the place of the home church. Students are expected to attend church on Sunday morning.

The students and teachers maintain two very efficient organizations, the Y. M. C. A. and the Y. W. C. A., which hold separate mid-week meetings. Attendance is voluntary.

**Auditorium Exercises,** are held daily and all students attend. These exercises are largely conducted by the students themselves. The students read the scriptures, lead the singing, play the accompaniment, make the announcements, etc.

**College Publications.** The Maroon and Gold is published weekly under the auspices of the undergraduate body, and contains in general items of current interest to the students. The annual catalog, the summer session bulletin, and special bulletins are published by the Board of Trustees and contain necessary information for prospective teachers and records of student life and activities which are of general interest and which should be preserved. In addition to these the Alumni Association now publishes a College Quarterly, a valuable contribution containing information and material of general interest to the entire student and alumni body.

**Equipment for Personal Use.** Rooms for students are furnished with single couch beds, mattresses and pillows, bureau, desk, and chairs. Sheets, pillow cases, and white spreads are provided for the beds.

The following equipment is required—Blankets or bed comforter, towels, table napkins, a large laundry bag well marked with the student's name.

All young women must be provided with a gymnasium costume, consisting of full, pleated, black bloomers, two plain white middy blouses with either long or short sleeves, and a pair of high, white canvas sneakers. They should also have a pair of high, strong shoes suitable for hiking and climbing.

### LAUNDRY REGULATIONS

Each student is allowed twelve (12) articles of plain clothing in the wash each week.

Every article of clothing must be plainly marked with indelible ink. Defective marking is generally responsible for the missing of articles.

Extra charge will be made for all clothing in the wash in excess of the twelve (12) pieces allowed.

### SUMMARY OF EXPENSES

	First Sem. 18 wks.	Second Sem. 18 wks.
Tuition .....	Free	Free
Semester Fee:		
Boarding Students .....	\$ 12.50	\$12.50
Day Students .....	15.00	15.00
Board, Room and Laundry .....	144.00	144.00
Laboratory Fees—Physics, Chemistry, General Science, Agriculture, Nature Study, and Biology, each .....	5.00	5.00
Educational Measurements .....	3.00	3.00

An extra charge of one dollar will be made for registration after September 14.

The Tuition is free because the Teachers College is State supported and students upon entering are obligated to teach in the schools of the State for not less than two years.

The enrollment fee to Boarding Students per semester is \$12.50 and for the Summer Session \$10.00; for Day Students per semester \$15.00, and for the Summer Session \$12.50.

This enrollment fee includes Library, Athletics, Lecture Course, Student Welfare, Infirmary Services for three days or less, the medical examination at the beginning of the year, and the registration and record keeping for students.

The rates for board, room, and laundry are on the basis of two students to each room. There are a few single rooms available which may be secured upon payment of \$1.00 per week additional.

A charge of 35c per piece is made for hauling baggage. Baggage is hauled by the School only on the opening and closing days of each semester.

All books and classroom supplies must be furnished by the students. These may be bought in the Supply Room connected with the College. This is an item of expense which cannot be accurately determined but the cost of books, in ordinary cases, will vary from twenty to thirty dollars for the year of thirty-six weeks. The Supply Room is conducted upon a cash basis. Students must, therefore, provide for the payment of all books and supplies at the time they are secured.

Students upon entering are required to pay a deposit of one dollar for the keys to their rooms. Steel lockers are provided for the accommodation of day students. The key deposit for these is one dollar. Key deposits are returned upon presentation of keys at the time students leave the institution.

Rooms engaged beforehand will not be reserved longer than the second day of the first week of any semester except by special arrangement.

Students not living at their own homes are required to live in the College dormitories. Exceptions to this rule must be justified in advance to the principal.

Records of credits earned are supplied to all students. In case of a second request for the same record a fee of one dollar will be charged.

No certificates or grades will be issued to students whose accounts are not paid in full.

Students are considered members of the College until the Principal is notified of their withdrawal and the regular charges will be made unless such notice is received.

### **PAYMENTS**

Bank Drafts, Express or P. O. Orders and checks may be used in payment of bills and should be made payable to State Teachers College, Bloomsburg, Pa.

Bills for Semester Fees, Board, Room, Laundry, and Day Student's Service Charges are payable in advance by the semester.

Payments for 1927-1928 must be made as follows:

#### **First Semester**

##### **BOARDING STUDENTS**

September 12 Semester Fee .....	\$ 12.50
September 12 Board, Room and Laundry Charges ..	144.00
(One check only required for above two items)

Jan. 30, Board, Room and Laundry .....	144.00

### DAY STUDENTS

Jan. 30, Semester Fee .....	\$ 15.00
-----------------------------	----------

The Semester Fee and the amount designated for Board, Room and Laundry, must be paid on the day of registration. The receipt showing that such payments have been made must be presented before the student will be registered.

Laboratory, and Other Fees are due and payable November 14, and April 2, respectively.

Music accounts are payable at the middle and toward the close of each semester. The information relative to music charges will be found under Expense for Music Students.

All bills must be paid when due. Students whose accounts are not paid promptly will be excluded from classes and will receive no grades for their work.

### DEDUCTIONS AND REFUNDS

No deduction is made in the Semester Fee even though a student may enter after the beginning or leave before the close of a semester.

No refund is made of the Semester Fee except in case a room reservation is withdrawn. If it is desired to withdraw a room reservation the fee will be returned providing the Business Office is notified not later than one week before the opening day of school.

For absence of two consecutive weeks or more on account of personal illness, or for an equally good reason, a deduction for board will be made. No deduction will be made for a fractional part of a week.

All refunds will be made directly to the person paying the bill unless otherwise requested.

No deduction is made for absence on Saturdays and Sundays, nor for washing done at home.

No deduction is made for absence during all or part of the last two weeks, nor for absence during the first two weeks, of any semester.

Note also the last two paragraphs under Expense for Music Students.

## FUNDS TO HELP WORTHY STUDENTS

The funds presented by the several classes shall be considered and treated as loan funds.

Loans from these funds, so long as any sums are available, may be made in amounts not to exceed fifty dollars for two years. In special cases this amount may be increased to as much as a hundred dollars per year. These loans are secured by note with one or more sufficient sureties, due and payable without interest in not exceeding two years after leaving college. If not paid when due, interest thereafter at six per cent. will be charged until paid.

Eleven classes have left funds as memorials. The class of 1924 donated \$500.00. The money in the bank draws interest at 3 per cent., and can be withdrawn only on order of the Treasurer of the College. The contributions follow:

### THE TRAINING SCHOOL

A Teachers College cannot properly prepare teachers unless an adequate training school is maintained. Those who are to become teachers should have ample preparation in teaching in typical school situations. Considerable attention has been given to enlarging and strengthening the training school facilities of the State Teachers College of Bloomsburg. The Training School, which is located on the campus, consists of a kindergarten and grades one to six inclusive. There is a training teacher in charge of each class, consequently, close supervision is given to the student teaching.

Along with the Training School the elementary grades of the public schools of the town of Bloomsburg and Berwick are used for student teaching. The splendid co-

operation of the school authorities of the towns of Bloomsburg and Berwick makes it possible to have adequate facilities for the training of teachers for the graded schools and the junior high schools.

For the preparation of rural teachers one-room schools adjacent to the Teachers College are used. Through the co-operation of the school authorities in the rural districts it has been made possible to have facilities for the training of rural teachers. The students have ample opportunity to observe well-trained teachers at work and to develop skill in teaching by actual experience under normal conditions.

The students who are preparing to teach in the upper grades have the advantage of preparing for strictly departmental teaching or for the junior high school. Even if students are obliged to teach in seventh or eighth grades, they will be better teachers than if they were trained under the old organization.

### EXTENSION COURSES

A new field of opportunity is now placed before the teachers of our service area. The State Curricula Revision Committee has made specific regulations concerning the extension work leading to a degree. This work will be offered to any sufficient group of teachers in our district.

We shall offer also the work of the two year courses. The regular members of the faculty will teach the extension courses. A fee of five dollars is charged for each semester hour credit.

No correspondence courses may be given or accepted by any Pennsylvania State Teachers College or Normal School after September 1, 1927.

The Committee recommends:

- (1) That all work completed by extension or cor-

respondence previous to September 1, 1927, be credited according to the regulations previously in effect. These regulations are:

a. A maximum of twenty semester hours credit allowed for extension and correspondence work in the two-year course toward graduation from the State Normal Schools.

b. Extension courses are offered by regularly appointed full-time teachers of the State Normal Schools or Teachers Colleges.

(2) That not more than eighteen semester hours of extension work be credited toward the requirements of the third and fourth years in a degree curriculum and that this be limited entirely to the courses specified below:

a. This means that extension courses will be accepted from other institutions only when such courses are offered by regularly employed full-time members of a College or University faculty.

American Literature	2 semester hours
History of Education	3 semester hours
American Government	3 semester hours
Teaching and Supervision of Arithmetic in	
Elementary Schools	3 semester hours
Civic Education in Elementary Schools	3 semester hours
History and Organization of Education in	
Pennsylvania	2 semester hours
Educational Psychology	3 semester hours
Supervision and Administration of Ele-	
mentary Schools	3 semester hours

(3) That no person who matriculates on or subsequent to September 1, 1926, be allowed to offer more than eighteen semester hours of approved extension work in discharge of the requirement for the degree.

(4) That Teachers Colleges may accept courses

completed by extension in other institutions of collegiate grade, provided these courses are equivalent to the courses listed above, and subject to the limitations provided above for extension work.

(5) That not more than nine semester hours of extension credit be earned or credited within the limits of a school year.

## SUMMER SCHOOL OF 1928

The summer school aims largely to meet the needs of teachers who are preparing to meet the requirements of the different certificates issued by the authority of the State Department of Public Instruction.

An important feature of the summer session is the observation and demonstration school which includes all the grades of the elementary school. A skillful teacher is in charge of each grade. Here teachers may observe and have demonstrated for them the best practice in modern teaching.

An interesting feature of the summer school is the series of lectures and entertainments provided throughout the nine weeks. Lecturers discuss important political and social problems of current interest. Other lecturers discuss current educational topics. Music and dramatic programs are provided by well-known artists.

## TEACHER PLACEMENT SERVICE

The Appointment Bureau of the State Teachers College co-operates with the Placement Service of the State Department of Public Instruction, Harrisburg, thus offering additional facilities for the placement of our students and graduates.

The Appointment Bureau has for its purpose first of all to assist school officials to secure competent teachers, and

second to aid teachers to secure suitable positions in fields of service for which their training best fits them.

The Appointment Bureau is in charge of the Director of Teacher Training, who answers all inquiries and gives personal attention to school officials seeking competent teachers.

## **REQUIREMENTS FOR ADMISSION**

### **Regular Entrance Requirements**

Admission to a State Teachers College shall be on the basis of graduation from an approved four-year high school, or equivalent training in an approved private secondary school.

## **GRADUATES OF JUNIOR-SENIOR HIGH SCHOOLS**

Graduates of senior high schools in a school district maintaining an approved junior-high-school organization will be admitted on evidence of twelve units of preparation earned in grades ten, eleven and twelve.

### **Value of Unit**

A unit represents not less than 120 sixty-minute periods of prepared work or the equivalent.

### **Irregular Entrance Qualifications**

Graduates of approved two-year high schools are entitled to not more than eight units of credit and graduates of approved three-year high schools to not more than twelve units of credit toward the standard admission requirement; provided, however, that such students, or other students having irregular entrance qualifications, may take examinations in county superintendents' offices in all counties having such students, at the close of the school year. These examinations will be given under the direction of the Credentials Bureau of the Department of Public Instruc-

tion, under a cooperative plan adopted by the Board of Normal School Principals, January 15, 1926. In case of failure in a subject, or subjects, the student, after additional study during the summer, may take a second examination in August at one of the normal schools or at any one of the centers where State examinations are regularly conducted, namely, Philadelphia, Harrisburg, Pittsburgh, or Scranton.

Under this arrangement students who complete the work of a four-year high school with a three-year rating, may take examinations in fourth-year subjects and thereby receive credit equivalent to that of a four-year high school; graduates of three-year high schools with a two-year rating may take examinations in third-year subjects for credit in three years of approved high-school work. All inquiries should be addressed to the Credentials Bureau, Department of Public Instruction, Harrisburg, Pennsylvania.

### **Evaluation of Credentials**

Credentials of all students entering the State Teachers Colleges on the basis of an approved four-year preparation, are evaluated by the College; students not having an approved four-year preparation, or students whose preparation is irregular, shall have their credentials evaluated by the Credentials Bureau of the Department of Public Instruction.

### **Detailed Statement of Studies**

Graduates of approved four-year high schools, or of equivalent private secondary schools, who desire admission to a State Teachers College without examination must present a detailed statement of all studies pursued, including the time devoted to such studies, and the grades received. Blanks for such purposes may be secured from the principals of the State Teachers Colleges. These blanks should be filled out by the principal of the school which the student attended, or where this is impossible, by the local superintendent of schools.

### **Holders of Permanent or Professional Certificates**

Until September, 1927, the holders of permanent or professional certificates will be given one credit toward admission as regular students in the Teachers Colleges for each subject of high-school grade written on the certificate.

### **Advanced Credit**

Advanced credit will be given for equivalent courses in approved institutions of collegiate grade, but no students may obtain a Teachers College certificate without a minimum residence of one year. (Teachers who have been granted credit for experience may finish with a minimum residence of one-half year.)

### **Health Certificate**

The usual health certificate required by law for the certification of teachers shall be presented by all applicants for admission. Applicants, disqualified by reason of physical defects from the successful performance of the duties of a teacher, will not be admitted.

### **Evidence of Character**

All applicants for admission shall present evidence of good moral character and ideals characteristic of the teaching service.

### **Credits by Extension or Correspondence**

No candidate for a Teachers College certificate shall receive more than twenty semester hours of credit toward graduation for work done in extension classes or by correspondence.

No credit can be given for correspondence work secured after Sept. 1, 1927.

## NORMAL-SCHOOL CERTIFICATES FOR TEACHERS IN SERVICE

The following conditions apply only to those persons who have taught in Pennsylvania public schools prior to July 1, 1922. (No credit will be given toward the completion of the entrance requirements of the regular normal-school course for teaching done after July 1, 1922.)

The sixteen units of high-school work required for entrance to the State Teachers College may be earned in approved high schools, summer schools, extension classes, correspondence study in institutions approved by the Department of Public Instruction, and by tutoring under approved conditions.

Credit for entrance may also be secured by teaching experience in Pennsylvania public schools at the rate of three standard high-school units for each year of successful teaching experience.

Whenever a teacher has earned the credits necessary for entrance to a State Teachers College in any of the above ways or by any combination of them, four semester hours of credit on a regular State Teachers College curriculum may be granted for each year of teaching experience in Pennsylvania with a rating of "middle or better"—subsequent to meeting the entrance conditions—up to a maximum of thirty-two semester hours, provided, however, that all credits thus given shall be conditional until the teacher shall have proved his ability to do the work of the State Teachers College curriculum in a creditable manner.

In all cases in which College credit is given for teaching experience the work remaining to be done shall be selected by the authorities of the College to secure the best development of the student in teaching power.

A minimum of one-half year of resident study shall be required of all candidates for graduation who are credit-

ed for teaching experience as outlined above.

Entrance and College credits based on teaching experience as outlined above will not be granted after September 1, 1927.

Credit for student teaching other than that done under the direction of the Teachers College will not be approved.

### **Lessons on Use of Library**

All entering students are required to take, without credit, ten lessons on Using the Library.

### **Extra-Curricular Activities**

All students are required to take part, without credit, in one extra-curricular activity one semester each year.

### **Standards of Achievement**

All students, before receiving a final grade in English or Arithmetic must equal eighth-grade standards of achievement in these subjects.

## **SPECIALIZATION IN TEACHING**

**Types of Teaching.** The different curricula that are offered to students have been organized upon the principle that teaching in the elementary school can be classified into sufficiently definite types to require specialization. Each curriculum prepares for a specific type of teaching position.

**Work of the First Semester.** All students except those who intend to prepare to teach in a junior or senior high school, have the same work for the first semester. A large purpose of the work of this semester is to acquaint students with the requirements for successful teaching in the different grades so that they may decide intelligently in what grades they prefer to teach. The course entitled Introduction to Teaching, which includes observation in the Training School, is especially designed to aid students in a wise selection.

**Students Select a Curriculum.** At the end of the first semester, students are asked to select a curriculum for the purpose of specializing. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed curriculum be completed before a certificate of graduation is granted.

**Junior High School Curriculum.** The demand is growing rapidly for teachers who have special training for junior high schools. Specialization in subjects is required by the needs of the junior high school. The junior-high-school curriculum permits students to elect subjects along the line of their special interests. Students may elect enough work to specialize in two and three fields.

### PROGRAM OF STUDIES

The program of studies of the College embraces the following curricula:

1. Two-year Curriculum for Teachers of Primary Grades 1, 2, 3.
2. Two-year Curriculum for Teachers of Intermediate Grades 4, 5, 6.
3. Two-year Curriculum for teachers of Rural Schools.
4. Two four-year Curricula, the completion of which entitles a person to the degree of B. S. in Education. These curricula are listed in the catalog.

In the outlines below the first figure following a subject indicates the number of 60 minute class periods per week. The second figure indicates the number of semester hours of credit allowed for the successful completion of the course.

**GRADUATION FROM TWO-YEAR CURRICULA**

The completion of the 68 required semester hours of any one of the foregoing curricula entitles the student who meets all other legal requirements to a Normal School Certificate, which is a valid state license to teach in elementary schools for two years. On the completion of two years of successful teaching, the Normal School Certificate is made into the Normal School Diploma, which is a valid life license to teach in the elementary schools of Pennsylvania.

## ADVANCED TWO-YEAR CURRICULUM LEADING TO B. S. IN EDUCATION

**Open Only to Those Who Have Completed the Work of  
Groups I, II or III (rural).**

Conditions of Entrance to the Third Year of the Four-Year  
Curriculum in Elementary Education

1. All persons who have completed the work of Groups I, II, or III, (rural, formerly IV) are admitted to third year standing provided they have previously completed the work of a four-year high school, and all such persons must complete 68 hours of work beyond graduation from Groups I, II, or III (rural, formerly IV) as these were, prior to September 1, 1926, organized and administered.

2. All credits for work less than that required at a State Normal School for graduation between September, 1920, and September, 1926, shall be evaluated by multiplying the number of semester hours already earned by .85.

The following table applies this ratio to enough typical cases to illustrate the principle:

Former Semester Hours		New Semester Hours
6	x.85—	5.0
11	x.85—	9.0
22	x.85—	19.0
36	x.85—	21.0
60	x.85—	51.0

**Rule:** If the decimal is less than .5, disregard it; if it is .5 or more, count it as a unit.

3. All persons who graduated from a State Normal School prior to September, 1920, and who have had a four-year high school preparation, cannot be awarded more than 68 semester hours of credit for their Normal school work.

4. Graduates of the State Normal Schools who have not had four years of high school preparation may apply to the Credentials Bureau, Harrisburg, Pennsylvania, for a high school equivalent certificate, which, when issued by the

Credentials Bureau, will be accepted by the State Normal Schools as equivalent to graduation from a four-year high school and all credits earned at a State Normal School prior to September, 1926, will be evaluated as indicated above.

5. No credit for public or private school teaching experience, previously credited as high school equivalent or as equivalent professional credit toward graduation, shall be granted or counted toward meeting the requirements for entrance to or graduation from the advanced two-year curriculum.

### Fifth Semester

Opportunity is provided so that a student may complete in this semester the work of the first two years in the curricula which he did not pursue, as follows:

Electives, however, are particularly liable to misuse unless carefully safeguarded. The selection of electives is deferred until the end of the first year and is subject to the following:

## PREREQUISITES FOR THE ELECTION OF FIELDS IN THE JUNIOR HIGH SCHOOL CURRICULUM

1. To elect Science, a student must present a unit in Chemistry and a unit in Physics.

2. To elect Social Studies, a student must present two high school units in social studies.

3. To elect Mathematics, a student must present one high school unit in Algebra and one high school unit in Plane Geometry, or two units in Composite Mathematics, one of which at least must have been taken in the Senior High School.

4. To elect French, a student must present two high school units in French.

5. To elect Latin, a student must present three high school units in Latin.

When a student has chosen his elective fields, his curriculum becomes a closed series of courses not subject to change without loss of credit.

A graduate in this course will be entitled to teach in any High School the subjects in which he has 18 semester hours of credit.

## DEPARTMENT OF MUSIC

Mrs. John Ketner Miller ..... Director; Piano, Violin  
Edith S. Cannon ..... Piano, Harmony, Theory  
Eleanor Pepper Sands ..... Voice, Piano

Superior advantages are offered to those seeking a general education in music. Instruction is given by capable teachers of broad and successful experience. Special attention is given to beginners, as much depends upon the early training. The result of establishing correct fundamental principles is steady, satisfactory growth and development.

**Piano, Voice, Violin**—The course of study in Piano, Voice, Violin, is divided into four grades—Elementary, Preparatory, Intermediate, and Advanced. No definite period is stated for the completion of a grade; this depends upon the individual ability of the pupil. Those desiring certificates for the completion of any one of these courses must have a thorough and comprehensive knowledge of Harmony, History of Music, Solfeggio, and Harmonic Analysis. A study of these subjects is recommended to all students of music for general musical development.

Statements of proficiency are issued upon satisfactory completion of the requirements.

### **Expense for Music Students**

Individual instruction in Piano, Voice, or Violin, \$18.00 per semester for one-half hour lesson per week; \$36.00 for two half-hour lessons per week.

Individual instruction in Harmony or Analysis, \$18.00 per semester for one-half hour lesson per week; \$36.00 for two half-hour lessons per week.

Class instruction in Analysis, \$12.00 per semester.

Class instruction in History of Music, \$10.00 per semester.

Use of piano for practice (one period daily) \$4.00 per semester.

Use of piano for practice (one period daily) for those not taking special lessons, \$6.00 per semester.

Preference in the use of pianos for practice will be given to students taking special lessons.

No student will be allowed to register whose accounts have not been settled.

Students taking less than the work of a semester will be charged at the lesson rate of \$1.50.

No rebate will be made on account of lessons missed by students.
